

CORE Networks Referral Rewards Program

In an effort to expand our client base via word of mouth marketing, we have put together a Referral Rewards Program. With this program anyone can participate! Referral Partners will earn gift cards to local restaurants and attractions. Businesses will benefit from additional CORE Networks discounts.

How it works:

You will get a \$50 gift card for every business referral that converts to business for us. It's that simple! Fill out and submit the below referral contact info and inform your leads that we will be contacting them. Then, if we get business from them, we will send you a \$50 gift card!

It's truly a win-win-win situation. Help us build our business while helping your business acquaintances obtain professional IT services. As a result you will get to enjoy a gift card as a token of our appreciation.

Where can you use your gift card? CORE Networks has partnered with Crescent City Trade Exchange, a business that offers many local restaurants, events, travel, spas & much, much more! For a list of available locations, visit our website www.corenets.com and click on the "Promotions" tab.

Business owners also get 10% off your CORE Complete Care for 12 months for every lead of equal or greater size that converts to a client! Give us 10 and your CORE Complete Care is free for 12 months!!!

CORE Networks Referral Rewards Program – Referral Submission Form

Your Name: _____

Email : _____

Mailing Address: _____

Referral #1

Business Name:	
Contact Person:	
Phone Number:	

Referral #2
