Item 1 – United States Post Office Mail Delivery Concerns

Mayor announced Item and expressed how this is a big issue and he has reached out to Post Office officials, in which a couple of the clerks at the Post Office expressed how shorthanded they are due to Folsom's main guy, Erin on a Leave. Mayor began stating that over the past several months there has been several issues such as mail not being delivered because of a porch not being accessible for a business customer when it is accessible, medicine being three days late for a customer, and a certified letter had not been delivered when it should have and then taken home by a post office employee and put in customer's mail box the next morning. Also numerous customer's mail being delivered days later and sometimes not receiving mail at all, this is including the Town Hall.

Alderwoman Mathies spoke explaining that at some point the Post Office used individuals from New Orleans and the location device they use is not like a regular GPS and therefore created some problems also.

After a bit more discussion, and mentioning that Erin is back to work, Mayor Willie asked that anyone with any further problems to please bring them to the Town Hall.
