Things to Remember

- The Priority Listing ranks the projects in order of priority all new project applications created through Reallocation and the Permanent Housing Bonus as well as renewal project applications and identifies any project applications rejected by the CoC.
 - Collaborative Applicants are strongly encouraged to list all project applications on the FY2015 CoC Ranking Tool located on the HUD Exchange to ensure a ranking number is used only once. The FY 2015 CoC Ranking Tool will assist the Collaborative Applicant during the ranking process among the four Project Listings.
 - Any project applications rejected by the Collaborative Applicant must select the reason for rejection.
 - Collaborative Applicants should notify all project applicants no later than 15 days before the application deadline regarding whether their project applications will be included as part of the CoC Priority Listing submission.
 - If the Collaborative Applicant needs to amend a project for any reason after ranking has been completed, the ranking of other projects will not be affected; however, the Collaborative Applicant must be sure to rank the amended project once it is returned to the CoC Project Listing and verify that the rank number assigned has not been assigned to another project on a different Project Listing.
- Only 1 CoC Planning project can be ranked on the CoC Planning Project Listing.

Only 1 UFA cost project can be ranked on the UFA Cost Project Listing.

Grant Number of Eliminated Project: LA0132L6H061407

Eliminated Project Component Type: SSO

Eliminated Project Annual Renewal Amount: \$50,952

3-2 Describe how the CoC determined that this project should be eliminated. (limit 750 characters)

With the implementation of Coordinated Entry in the community, it has become apparent that mandates of coordinated entry could not be accomplished without the reallocation of funds for a dedicated coordinated entry project. The Coalition made the project sponsor aware that a project application would be submitted for coordinated entry and a nonpartisan evaluation committee would determine whether the funding should be reallocated or if a renewal project should be submitted. Additionally, all project sponsors were invited to participate in the committee tasked with creating the project evaluation tool. The renewal SSO project scored lower than the proposed coordinated entry project.
